Such limitation on liability does not apply to the responsibility or liability of a Trustee pursuant to any criminal statute or for payment of taxes pursuant to any Federal, state or local law.

Section 2

Any repeal or modification of this Article by the Association shall not adversely affect any right or protection existing at the time of such repeal or modification to which any Trustee or former Trustee may be entitled under this Article. The rights conferred by this Article shall continue as to any person who has ceased to be a Trustee of the Association and shall inure to the benefit of the heirs, executors and administrators of such person.

XIX - CONFLICTS OF INTEREST

Section 1 -

General.

As each Trustee participates in the business of the Association, he/she has a fiduciary duty to act prudently and in the best interest of the Association, as opposed to his or her personal interest or the interest of some other person or entity. The Internal Revenue Code also requires that officers, directors, and other disqualified persons of a 501(c)(6) organization not engage in excess benefit transactions with the 501(c)(6) organization. Indeed, officers, directors, and other disqualified persons will be subject to onerous excise taxes if they do engage in excess benefit transactions with the 501(c)(6) organization.
This policy is intended to assist Trustees in satisfying their fiduciary duty to the Association. It also assists Trustees, officers, committee members, and senior level executives (each, a “Covered Individual”) in avoiding excess benefit transactions.

Section 2

Definition of a Conflict.

An actual or potential conflict of interest exists when any of the following exists:

(a) The Association does or proposes to do business with or competes with:
   (i) a Covered Individual; or
   (ii) a family member of a Covered Individual; or
   (iii) an organization in which a Covered Individual and/or family member has an ownership or investment interest or compensation relationship or serves as a director or officer;

(b) A Covered Individual or family member receives remuneration for performing services for the Association and the Association is determining his or her remuneration; or

(c) A Covered Individual or family member is employed by or serves on the board of an organization that receives or is seeking a grant from the Association.

A conflict also exists when a similar circumstance exists with respect to a company 35% owned by Covered Individuals and/or their family members.

Section 3

Disclosure.

Annually, each Covered Individual must complete a disclosure statement reflecting his or her interests. The President is responsible for reviewing the disclosure statements so that he or she is familiar with potential conflicts. In addition, each Covered Individual is personally responsible for disclosing his/her actual or potential conflict at the time the Association is considering a transaction that may involve a conflict.

Covered Individuals shall act in a manner intended to further the best interests of the Association. If at any time a Covered Individual is aware that he or she (i) has or may have a conflict of interest or (ii) is or may be unable to act in the best interest of the Association on any issue because of a personal situation or other reason, the Covered Individual shall disclose the conflict or potential conflict, recuse himself or herself from voting on the subject, and shall leave the room while the matter is discussed. Prior to leaving the room, the affected Covered Individual shall answer any questions asked by disinterested Trustees. Recusing himself or herself shall not prevent a Covered Individual from participating in other activities or discussions where no conflict of interest exists.

Section 4

Standard for Approval.
The determination of whether a conflict of interest exists in any particular circumstance shall be made by the disinterested members of the Board or Executive Committee after disclosure of the material facts regarding the Covered Individual’s interest in the matter. In the event the Board or Executive Committee concludes that a conflict exists, the President or majority of the disinterested Trustees present may appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement which presents the conflict. Alternatively, the Board or Executive Committee may approve the transaction or arrangement that is the subject matter of the conflict by an affirmative vote of a majority of the disinterested Trustees present so long as the disinterested Trustees constitute a quorum. In either case, the decision making body must have determined (a) that the transaction or arrangement is in the Association’s best interest and for its own benefit, (b) that it is fair and reasonable to the Association, and (c) after exercising due diligence, the Association would not obtain a more advantageous transaction with reasonable efforts under the circumstances. Where reasonably possible, the Board shall obtain comparable information to assist it in reaching such conclusions. Comparable information may include appraisals, valuations, competing offers or bids, compensation surveys, reports of experts, and similar data. When setting compensation for disqualified persons, including without limitation officers and Trustees, the Association shall obtain comparable information and exclude from the decision making body the applicable disqualified persons and any persons they supervise.¹

Section 5

Minutes.

The minutes of all meetings shall reflect (a) the names of the persons who disclosed any conflicts; (b) the determination as to whether an actual or potential conflict of interest existed; (c) the names of the persons who were present for discussions and votes relating to the transaction or arrangement; (d) the content of the discussions, including any alternatives to the proposed transaction or arrangement and the basis for the determination of the Board, including any comparability data; (e) the voting record, including any abstention from voting; and (f) any action to be taken.

ARTICLE XX - INDEMNIFICATION

Section 1

Mandatory Indemnification of Trustees and Officers.

The Association shall indemnify, to the fullest extent now or hereafter permitted by law (including but not limited to the indemnification provided by Chapter 57, Subchapter D of the NPCL), each Trustee and/or officer (including each former Trustee or officer) of the Association who was or is or is threatened to be made a party to or a witness in any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative including an action by or in the right of the Association, by reason of the fact that the Trustee or officer is or was an authorized representative of the Association, or is or was serving at the request of the Association as a representative of another domestic or foreign corporation for profit or not-for-profit, partnership, joint venture, trust or other enterprise, against all expenses (including attorneys’ fees), judgments.

¹ Generally, a disqualified person is anyone who has (or during the last 5 years had) substantial influence over the Association. Trustees and officers are always disqualified persons.
fines and amounts paid in settlement actually and reasonably incurred by the Trustee or officer in connection with such action, suit or proceeding if such Trustee or officer acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interest of the Association and, with respect to any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action or proceeding by judgment, order, settlement or conviction or upon a plea of nolo contendere or its equivalent shall not of itself create a presumption that the person did not act in good faith and in a manner that he reasonably believed to be in, or not opposed to, the best interests of the corporation and, with respect to any criminal proceeding, had reasonable cause to believe that his conduct was unlawful.

Mandatory Advancement of Expenses to Trustees and Officers.

The Association shall pay expenses (including attorneys’ fees) incurred by a Trustee or officer of the Association referred to above in defending or appearing as a witness in any civil or criminal action, suit or proceeding described above in advance of the final disposition of such action, suit or proceeding, only upon receipt of an undertaking by or on behalf of such Trustee or officer to repay all amounts advanced if it shall ultimately be determined that the Trustee or officer is not entitled to be indemnified by the Association as provided below.

Permissive Indemnification and Advancement of Expenses.

The Association may, as determined by the Board of Trustees from time to time, indemnify, in full or in part, to the fullest extent now or hereafter permitted by law, any person who was or is or is threatened to be made a party to or a witness in, or is otherwise involved in, any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative including an action by or in the right of the Association, by reason of the fact that such person is or was an authorized representative of the Association or is or was serving at the request of the Association as a representative of another domestic or foreign corporation for profit or not-for-profit, partnership, joint venture, trust or other enterprise, both as to action in his official capacity and as to action in another capacity while holding such office or position, against all expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in conjunction with such action, suit or proceeding if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interest of the Association and, with respect to any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. The Association may, as determined by the Board of Trustees from time to time, pay expenses incurred by any such person by reason of such person's participation in an action, suit or proceeding referred to in this Section in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such person to repay such amount if it shall ultimately be determined that such person is not entitled to be indemnified by the Association as provided below.

Scope of Indemnification.

Indemnification under this Article shall not be made by the Association in any case where a court determines that the alleged act or failure to act giving rise to the claim for indemnification is expressly prohibited by Chapter 57, Subchapter D of the NPCL or any successor statute as in effect at the time of such alleged act or failure to take action.

Miscellaneous.

Each Trustee and officer of the Association shall be deemed to act in such capacity in reliance upon such rights of indemnification and advancement of expenses as are provided in this Article. The rights of indemnification and advancement of expenses provided by this Article shall not be deemed exclusive of any other rights to which any person seeking indemnification or advancement of expenses may be entitled under any agreement, vote of members, disinterested Trustees, statute or otherwise, both as to action in such person's official capacity and as to action in another capacity while holding such office or position, and shall continue as to a person who has ceased to be an authorized
representative of the Association and shall inure to the benefit of the heirs, executors and administrators of such person. Any repeal or modification of this Article by the Board of Trustees of the Association shall not adversely affect any right or protection existing at the time of such repeal or modification to which any person may be entitled under this Article.

Definition of Authorized Representative.

For the purposes of this Article, the term, “authorized representative” shall mean a director, officer or employee of the Association or of any corporation controlled by the Association, or a trustee, custodian, administrator, committeeman or fiduciary of any employee benefit plan established and maintained by the Association or by any corporation controlled by the Association, or person serving another corporation, partnership, joint venture, trust or other enterprise in any of the foregoing capacities at the request of the Association. The term “authorized representative” shall not include money managers or investment advisors (or any employees thereof) hired by the Association, and shall not include agents of the Association unless indemnification thereof is expressly approved by the Board of Trustees.

Procedure for Effecting Indemnification.

Unless ordered by a court, any indemnification under this Article or the NPCL shall be made only following a determination that the indemnification is proper in the circumstances because the person seeking indemnification has met the applicable standard of conduct. Such determination shall be made

(a) by the Board of Trustees by a majority vote of a quorum consisting of Trustees_________ who were not party to the action or proceeding; or

(b) if such a quorum is not obtainable or if obtainable and a majority vote of a quorum of _______ disinterested Trustees so directs, by independent legal counsel in a written opinion.

ARTICLE XI - RESTRICTIONS REGARDING THE OPERATION OF THE ASSOCIATION; ADMINISTRATION OF FUNDS
Section 1

No Violation of Purposes.

In no event and under no circumstances shall the Board of Trustees make any distribution or expenditure, engage in any activity, hold any assets, or enter into any transaction whatsoever the effect of which under applicable federal laws then in force will cause the Association to lose its status as an Association to which contributions are deductible in computing the net income of the contributor for purposes of federal income taxation.

The Association shall maintain at its principal office a copy of its application for exemption and all tax returns filed with the Internal Revenue Service. To the extent required by law, such documents shall be made available during regular business hours for inspection by any person requesting to see them.
